

# Truth in Taxation Public Hearing Blackduck City Hall December 4<sup>th</sup>, 2017 6:15 P.M.

Respectfully Submitted by: Christina Regas City of Blackduck Administrator

The purpose of Truth and Taxation is to discuss the proposed property tax levy for the taxes payable year 2018 and the proposed budget for the year 2018. This public hearing is held to discuss and seek public comment on the city's 2017 general fund budget and 2018 property tax levy. The City of Blackduck must certify its final payable 2018 property tax levy to the county auditor no later than December 29th, 2017 (MN Statute §275.065).

The following documentation outlines the following:

1. City of Blackduck 2018 Levy
2. LGA payment from the State of Minnesota
3. Tax Base for the City
4. 2018 General Fund expenditures and revenue sources.

The 2018 general fund budget does balance and it will need an increase in the property tax levy. Therefore the tax levy will remain as suggested in September in the amount of \$221,400.

## LOCAL GOVERNMENT AID

Local Government Aid (LGA) is a state aid to local governments. The LGA is manipulated by the Legislature annually. The following is list of the variables used to calculate the city’s 2018 LGA certified amount.

1. Pre-housing units: the total number of housing units in your city that were constructed before 1940 according to the 2015 Federal Census.
2. Housing units 1940-1970: is the total number of housing units built between 1940 and 1970.
3. Total housing units: the total number of all housing units in your city (both vacant and occupied).
4. Household Size: a city’s average household size as reported by the State Demographer and Metropolitan Council. (City of Blackduck household estimate is 338 for April 1, 2016)
5. Number of Employees: the average number of annual employees from the quarterly census of employment from the Dept. of Employment & Economic Development.
6. Peak population decline: a city’s population decline (if any) from its highest population in a decennial census from 1970 or later.
7. Tax Effort Rate: the net levy for all cities divided by the sum of the city net tax capacity for all cities. The tax effort rate is the same for all city calculations.
8. City Revenue Need: City revenue need is defined in three separate calculations based on population. (City of Blackduck population estimate is 789 for April 1, 2016)
  - a. Small Cities: The formula for cities with a population less than 2,500 is:
    - i. **410 + (.367 x population over 100)** *The city revenue need for cities with a population less than 2,500 cannot be over \$630 per capita. For cities with a sparsity adjustment, the city revenue need cannot be over \$830 per capita.*
9. Unmet Need: is the difference between (1) its city revenue need multiplied by its population, and (2) its city net tax capacity multiplied by the tax effort rate.
10. Formula Aid: (aid increase) for a city is equal to the difference between its current unmet need and its certified aid in the previous year, minus special adjustments, multiplied by the aid gap percentage.

The following chart includes the history of LGA received by the City of Blackduck. Blackduck receives LGA in two equal payments on July 20 and December 26. The City of Blackduck is anticipating receiving \$253,712 for the budget year 2018.

LGA HISTORY						% +/-
2013	2014	2015	2016	2017	2018	Over 2017
\$205,021.00	\$239,786.00	\$242,272.00	\$244,610.00	\$245,269.00	\$253,712.00	3.3%

# TAX BASE INFORMATION

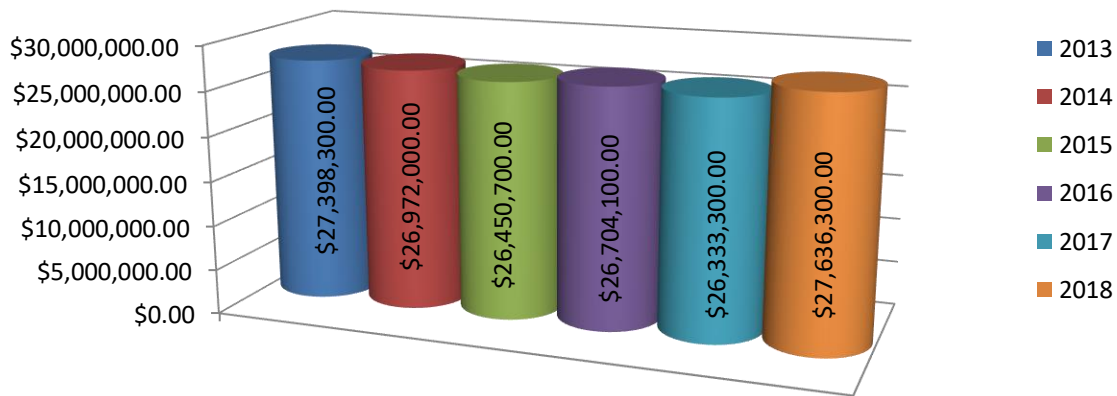

The property tax system is a continuous cycle, but it effectively begins with the estimation of property *market values* by local assessors. Assessors attempt to determine the approximate selling price of each parcel of property based on the current market conditions. Along with the market value determination, a *property class* is ascribed to each parcel of property based on the use of the property. The property classification system defines the *tax capacity* of each parcel as a percentage of each parcel's market value. The next step in calculating the tax burden for a parcel involves the determination of each local unit of government's *property tax levy*. The *total tax capacity* is computed by first aggregating the tax capacities of all parcels within the city, then the taxable tax capacity is used to determine the *local tax rates*. The city tax rate is computed by dividing the city levy (minus the fiscal disparities distribution levy, if applicable) by the taxable tax capacity. The sum of the tax rates for all taxing authorities that levy against a single property produces the total local tax rate. This total local tax rate is then used to determine the overall tax burden for each parcel of property by multiplying the parcel's tax capacity by the total local tax rate.

The Estimated Market Value is Beltrami County Assessor's estimate of what property would be worth on the open market if sold. The most common factor that results in an increase in an individual parcel's tax is the change in the parcel's estimated market value. The market value is set on Jan. 2 of the year before taxes are payable. Below is a five year history of the City of Blackduck EMV (Estimated Market Value) & TMV (Taxable Market Value). As you can see below "Pay 2018" the City of Blackduck EMV has increased (*highest in six years*).

## Estimated Market Value 6 Year History

The Taxable Market Value is the Estimated Market Value less any credits (Veterans Credit, Market Value Exclusion Credit, Ag Credit, etc). When taxable market value decreases the tax burden to property owners will increase. Whenever we increase our market value (build a new home and/or a new business) the tax burden to property owners decreases. As you can see below in “Pay 2018” the City of Blackduck TMV has increased (*highest in six years*).

## Taxable Market Value 6 Year History

It is important for Blackduck to increase its taxable market value. Promoting “Blackduck a Great Place for Families” to families that live in neighboring communities is crucial. Conversation should continue in 2018 to pursue housing development in the Wolden Addition & expansion to the Southern Duck Estates. City officials should work to preserve its existing housing stock by educating home owners on accessible funds through programs like USDA Rural Development, MN Housing, Greater MN Housing, and Homes for All. Working to increase commercial property should continue in 2018, by attracting new businesses with the City of Blackduck’s Revolving Loan Funds to fill vacant business property in the downtown area.
